5.1 Approve: April 27, 2023 – Full Board meeting minutes

5.2 Review: April 6, 2023 – Steering Council Committee meeting minutes

Motion to approve Full Board meeting minutes made by S Martinez, seconded by S Rose.

6.0 ACTION ITEMS

6.1 Vote: Homeless Prevention Program – Funding Recommendation

B Kyker said Prairie State Legal Services, Home of the Sparrow, and Consumer Credit Counseling Services met last week to discuss how to divide the \$60,000. The requests did not exceed \$60,000. This process allowed agencies to know exactly what funding amount they will receive.

S Tenuto thanked B Kyker and confirmed that they will have to vote on this as money is involved.

Motion to approve funding recommendations made by B Kyker, seconded by B Meath.

S Martinez announced she has to abstain from voting as she was a part of the process.

A Emmert asked if the rental assistance can be given to anyone in the community or do they need to go through Home of the Sparrow to get it?

E Heneks replied that it's rental assistance, it's not case management, there isn't a ton of money available, they can pay security deposit and a short amount of arrears and rent moving forward. K Miller added there is a stipulation that anyone who receives this assistance must show they can sustain their housing moving forward.

S Tenuto called for roll call vote.

B Meath asked how many voting members there are regarding having a quorum.

M Neumann added the quorum is only based on who is present.

H Mach confirmed.

B Meath asked why they had to wait around yesterday for a quorum at the finance committee meeting to vote.

S Rose added that the quorum depends on what is in the bylaws.

B Kyker recited the bylaws and confirmed they could have a quorum as long as no present members had any objections.

S Rose made a point about meeting attendance and how it is affecting quorum and voting.

S Tenuto said they will have a discussion about membership and attendance, along with the bylaws.

R Ring asked for confirmation that any voters who should have abstained did in fact abstain.

S Rose confirmed that they did.

N Dodge stated that she is no longer with The Break and currently not a voting member.

S Rose asked B Kyker if he could send the bylaws out to everyone, which he agreed to do.

S Tenuto asked if any members present objected the quorum. No objections, quorum was confirmed.

7.0 OLD BUSINESS

7.1 Committee Chair Updates

B Kyker had no current new updates on Community Awareness.

B Meath gave an update on the Finance Committee. They are in the process of determining how the UFA will report to Finance and how funds are being moved. He said there was a discussion about ESG scoring and they have been talking about incorporating project budgets to make things more transparent. He said they would appreciate if they had more input from funded agencies.

E Heneks noted that sometimes she has four CoC meetings per month and it can be a lot, which is likely why attendance is down. She wanted to look at how many meetings are scheduled a month.

B Kyker gave an update on Housing and Services, noting there was a cold weather update, PADS, and how they are looking more into landlord engagement. He also mentioned how they talked about Prairie View and the letter that they put together. B Kyker stated he will have to stop leading this activity as there is a conflict of interest.

S Rose thanked B Kyker and mentioned how he was doing a great job leading.

S Tenuto said they need to be aware of what language they use in the letter, especially when it comes to legal matters. He said the CoC's main roll is to support the community and support the tenants.

7.2 HMIS/Coordinated Entry/Built for Zero

G Zinck noted that J Davis, HMIS Lead, had a bunch of meetings scheduled next week for in-person HMIS training. She also said J Davis is working with agencies on developing their reports. G Zinck mentioned one of the areas they are focusing on with Built for Zero is outreach.

7.3 Gaps and Systems Update

No updates.

7.4 Strategic Planning Committee

B Kyker said H Mach still has his meeting coming up, J Davis' group met last Friday, and his group is done meeting, they had their two meetings, they are waiting on one more. K Violett will let him know the next dates when the whole Strategic Planning Committee will meet again.

H Mach confirmed he still has his meeting coming up and that he still needs to get it planned.

8.0 NEW BUSINESS

No new business items.

B Meath asked B Kyker if he wanted to say something about their discussion the other day about membership.

B Kyker said they were thinking of doing a quick committee synopsis showing who is on them and attaching them to their Full Board agenda. They can ask people to step down if they are unable to attend the committees and also remind people if they are in a committee and don't know it. He said it will go in tandem with their bylaw discussion.

S Tenuto brought up the idea of establishing quorum at the beginning of meetings right after roll call.

9.0 OPEN FORUM AND MEMBER ANNOUNCEMENTS

S Rose announced that LIHEAP and their water program are almost out of money, and that MCHA will not be helping with water bills again. LIHEAP ends on May 31st. There have been changes to the program and the program will begin again on October 1st. She also mentioned that MCHA does offer security deposit and past due rental assistance.

G Zinck asked if rental assistance program data is going to be stored in HMIS and how are they ensuring there is no double dipping?

S Rose said on application form it asks if they are receiving assistance from any other sources and if they lie on that form it is fraud. They also ask landlords.

10.0 ADJOURNMENT

S. Tenuto thanked everyone for serving their community and reminded everyone to take care of themselves.

Motion to adjourn made by G Zinck, seconded by S Martinez.

The agencies came to agreed upon distributions that would be voted on at a later date. Gina Zinck said it was great the organizations were able to do this. CCCS provides rental assistance while PSLS assists with eviction issues. HOS is looking at case management for some of the people in rental assistance programs. Bill Meath thanked the agencies for their cooperation, and said it would have been next to impossible for the ranking committee to meet and rank the projects in time for submittal.

Only presentations will occur if it's pertinent and needed at the time. Brandon Kyker will determine if the presentation is relevant. The vote on the Homeless Prevention Program funding will be brought up near the top of the agenda so the CoC has a quorum for any votes.

McHenry County Continuum of Care to End Homelessness

Rick Wheat, Executive Director
Prairie View Apartments
411 Leah Lane, Woodstock, IL 60098

June 15, 2023

Dear Rick Wheat,

We want to thank you for our current partnership which has allowed numerous people experiencing homelessness in McHenry County to receive housing. We understand there are challenges to serving the homeless population and that is why we want to continue to work with your organization for the benefit of all parties.

This letter is to inform you of the multiple concerns and safety issues that have been raised regarding Prairie View apartments and also to invite you to a meeting to discuss solutions for how to move forward. In early March, multiple agencies that are a part of the McHenry County Continuum of Care had sent correspondences detailing their concerns with how the Prairie View units have been managed and maintained. While some issues have been addressed, there are still many that have not. Equally important to the agencies is grant compliance and the risk of ineligibility to our clients due to extra charges that may not be allowed for programs. The concerns include but are not limited to the following:

- There are undisclosed fees and charges that are not mentioned in the lease and do not match up on ledgers provided to Continuum of Care member agency's staff. These fees are inconsistent and change in amount from instance to instance.
- Ledgers include incorrect names, addresses, identifying information, and arrearage amounts.
- Leases and Addendums contain information that is whited-out and alternate information is written on the forms without a tenant signature.
- Cable, utilities, and additional fees are being charged in addition to rent. This is a surprise to the tenants. It has been reported costs are included in the lease as an addendum; when asked for a signed copy of the addendum, blank copies are provided that do not include the tenants' signature.
- Sump pumps are not maintained, and units become damaged from flooding and loss of personal items.
- Numerous safety concerns exist such as, entry doors to the building have broken locks that leave the building unsecured, maintenance requests going unresolved after multiple requests for repairs.

The McHenry County Continuum of Care invites you and any other staff that is appropriate to meet to discuss how to resolve these concerns regarding the condition of the units, client's safety, and proper client documentation. We are optimistic that a meeting between both parties would reconcile these concerns as we would like to continue this partnership between the Continuum agencies and Prairie View while working towards ending homelessness in McHenry County. We look forward to discussing this with you by July 15th in order to get this resolved in a timely manner.

We look forward to your response.

Sincerely,

Sam Tenuto
